

## HACK

### OBJECTIVE

To plan your learning, monitor your learning progress, and understand how and when you learn best.

1

Scan the QR code to download the tool and print it out.

2

Jot down your present and future learning projects on separate post-its. Please also indicate how you are achieving your learning goals (e.g. taking an online course, a class, by talking to others, etc.)

3

Use the second part of the tool to **note down** your thoughts on **your learning preferences**.

4

Update your learning dashboard on a regular basis, for example, once a month.

### GET MORE OUT OF THIS HACK

Share your learning dashboard with others. Or: Set up learning dashboard for your team.

## TOOL

What am I learning and how?	In the past	At present	In the future
	When do I learn best? What are good learning strategies?	What do I need to learn best? What do I look out for?	What way(s) of learning would I like to try in the near future?
What did I find out about my way of learning?
