

 **OBJECTIVE**

To think about what and how you can learn from others

WHAT would I like to learn and why?	WHO can help me learn?	HOW would I like to learn?	WHEN / BY WHEN would I like to learn?	WHAT did I learn about myself?
Add your individual learning goals here. Please also make a note of why you would like to achieve them.	For example your colleagues and peers, your manager, your friend next door, etc.	For example by talking to someone, by having someone explain it to me, by observing someone, by coaching, etc.	When? e.g. during my lunch break, after my staff meeting, etc. By when? e.g. mid term review, week 35, etc.	For example my learning motivation, my learning style, my learning type, my understanding of learning, etc.
