

HACK

OBJECTIVE

To get a better understanding of your learning habits and how you learn best

- 1 Scan the QR code to download the tool and print it out.
- 2 Take your time to answer the questions in the first two columns.
- 3 Set up clearly defined next steps.
- 4 Add potential insights to your 'Learning Dashboard'.

TOOL

	In the past	In the future What does this mean for my future learning?	Next steps What are my next steps?
What and why	What did I learn well in the past and what did come easy to me? Why?		
When, how long, and how often	At what times, how long, and how often did I learn well and easily in the past?		
Where and in which situations	Where and in which situations did I learn well and easily in the past?		
How and with whom	How did I learn well and easily in the past and with whom?
